

# British Journal of Venereal Diseases

Effect of hyperbaric oxygen on experimental syphilis in the rabbit <i>E. I. Grin, M. Nadaždin, and M. Švob (Yugoslavia)</i>	405
Long-term results of penicillin treatment of early and late forms of syphilis in the rabbit <i>N. M. Ovcinnikov, S. E. Korbut, V. N. Bednova, G. F. Timčenko, and T. I. Milonova (USSR)</i>	413
Serological tests for syphilis in pregnancy <i>C. B. S. Schofield (Gt Britain)</i>	420
Treponema pallidum haemagglutination assay in the routine serodiagnosis of treponemal disease <i>P. O'Neill, R. W. Warner, and C. S. Nicol (Gt Britain)</i>	427
Survival of <i>Neisseria gonorrhoeae</i> in an artificial subcutaneous cavity of the mouse <i>J. Flynn and S. A. Waitkins (Gt Britain)</i>	432
Growth and effect of <i>Neisseria gonorrhoeae</i> in organ cultures <i>F. E. Carney, Jr., and D. Taylor-Robinson (Gt Britain)</i>	435
Gonorrhoea in the chimpanzee. Serological testing <i>W. Jerry Brown and C. T. Lucas (USA)</i>	441
Cell-mediated immune response in gonorrhoea <i>A. S. Grimble and M. B. McIlmurray (Gt Britain)</i>	446
Transgrow (Clinicult) in the laboratory diagnosis of gonorrhoea <i>M. Kousa, O.-V. Renkonen, U. Kiistala, and A. Lassus (Finland)</i>	450
Vancomycin-sensitive strains of <i>Neisseria gonorrhoeae</i> <i>J.-E. Brorson, I. Holmberg, B. Nygren, and S. Seeberg (Sweden)</i>	452
Incidence of gonorrhoea in Denmark, 1957-1971 <i>I. Lind (Denmark)</i>	454
In search of an ideal single-session penicillin schedule for the treatment of gonorrhoea in Uganda <i>O. P. Arya and C. B. Bosa (Uganda)</i>	460
Doxycycline (Vibramycin) in acute gonococcal urethritis <i>S. J. Yawalkar, D. S. Kuchbal, and B. V. Mardhekar (India)</i>	464
Disease of the median raphe of the penis <i>H. D. Johnston and R. N. T. Thin (Gt Britain)</i>	467
Infections of the median raphe of the penis <i>C. N. Sowmini, K. Vijayalakshmi, C. Chellamuthiah, and S. Minakshi Sundaram (India)</i>	469
Single and triple dose treatment of <i>Trichomonas</i> infection of the vagina <i>S. M. Ross (Ethiopia)</i>	475
Gonorrhoea and condyloma acuminata in a male transsexual <i>N. J. Fiumara and A. Di Mattia (USA)</i>	478
